A petition is being circulated asking the parole of Wm. and Ed. Bethel who are serving a five year sentence in the Missouri penitentiary, after having pleaded guilty to the charge of burglary and larceny at the April term of circuit court. The petition asks that the boys be paroled to John Maurer, a brother-in-law in St. Louis.

Prof. Burwell Fox, Jr., visited his parents here last week on his way to Cape Girardeau, where he will finish the course for the B. A. degree at the Southeast Missouri Teachers' College. Burwell was in charge of the high school at Buffalo, Mo., the past year. For the coming year he has accepted a school position at Vinita, Oklahoma, at \$2,000 salary.—Potosi Journal.

The remains of C. Collins, who died at his home in Marquand, Mo., last Wednesday, were brought to Ironton and interred in the K. P. cemetery, the funeral being conducted from the residence of Mrs. M. D. Robertson, a daughter of the deceased. An unusually large concourse assembled to pay the last sad tribute to the memory of the departed. Peace to his ashes!

S. A. Trask, who has served as Judge of the County Court from the Western District for the past two years, has again announced his candidacy for the Democratic nomination for that position. Andy is a mighty good fellow, has made a faithful and untiring official, and should be again be chosen will at all times be found doing his very best for the county and all of the people.

Friends of Miss Fredonia Ringo, the talented and accomplished daughter of Mr. and Mrs. Mann Ringo of Ironton, will be interested to know that she has been awarded a fellowship in Carnegie School of Technology at Pittsburgh. She expects to enter that institution next fall to take up a special line of research and personal work that is now being introduced into department stores of the large cities.

Last Friday was the last day for candidates in the August Primary to file their declaration with the County Clerk. With the exception of Arthur Francis, of the west end of the county, who has filed for the nomination for Assessor, the names of all Democrats who filed for nomination to county office can be found in the announcement column of the REGISTER. Not a single Republican has filed.

A jitney driver from Ironton named Mayes had a collision with his Ford and a freight train, which was switching in the yards, on Wednesday night. One passenger, a lady, was slightly bruised, but considerable damage resulted to the car. Mayes attempted to make the crossing ahead of the train and the train backed onto the auto. It is a miracle that all the occupants were not killed.—Bismarck Gazette.

Wm. Sutton is a candidate for the Democratic nomination for County Judge of the Southern District. Mr. Sutton is a splendid young man and in the two years that he has served as county judge has made friends with everybody with whom he came in contact. In every sense he is a good man and official and well worthy any confidence placed in him. The voters are respectfully solicited to consider his claims on going to the primary in August.

Mr. H. A. Lotter, the Missouri representative of the Federal Highway Department, came into Ironton Tuesday afternoon with Division Highway Engineer H. D. Griffith. The occasion of Mr. Lotter's visit is to go over the route of the proposed State Highway through Iron county. The gentleman, quite naturally, is a great road booster and says we should hurry our work in Iron county in every way possible. The federal aid will be available as soon as plans are approved.

Telegrams were received in Ironton last Saturday stating that the United States Senate had that day confirmed the nomination of W. E. Reese as postmaster at Ironton. This probably terminates the long drawn-out contest, and if there are no more delays, which is not likely, Mr. Reese will probably be in charge within a month. The matter should have been disposed of two years ago. The delay is absolutely without reason or excuse. Seems to be the general rule where the Civil Service dabbles in.

Redmond Black of the west end of the county announces as a candidate for the Democratic nomination for Representative for Iron county. Mr. Black is a well known citizen and prominently identified with affairs in his section. He is held in high esteem by his friends and neighbors and should be chosen to represent Iron county in the next Legislature there is no doubt but that he will at all times be found doing his very best to serve his constituents. He respectfully asks consideration of his claims.

The REGISTER this week announces N. A. King as a candidate for the Democratic nomination of Assessor of Iron county. Mr. King lives in the south end of the county in the Brunot country, and is a most excellent young man, being held in highest esteem by the people among whom he was born and reared. His friends say he possesses admirable qualifications for the office he seeks and that should he be successful in his aspirations he will prove one of the best Assessors Iron county ever had.

We have just been shown a draft for Two Thousand Five Hundred Dollars by Mr. C. L. Carson drawn in favor of Mrs. Mary L. Black, widow of the late James M. Black, who it will be remembered was killed by a Missouri-Pacific train at a railroad crossing in this city last February. Considering that Mrs. Black was only offered \$500 by the Claim Agent of this road, and that as a charity(?) offering only, and further considering, that she was generally advised that she would not recover, we think this puts a feather in Mr. Carson's cap as a collector and diplomat.

A new time card became effective Sunday. Following is the hour of the departure of the passenger trains from the Ironton station: North-bound—No. 8, 3:32 A. M.; No. 32, 2:17 P. M.; No. 34, 6:07 P. M. South-bound—No. 33, 11:55 A. M.; No. 3, 11:55 A. M.; No. 17, 11:29 P. M. Rotten train service that. No. 4 is due here at 4:42 P. M., but no longer stops at this station. We will have to intercede with Mr. Murphy, the superintendent of the railroad, and try and get that train again. It will be remembered he promised it to us when he was here testifying before the Public Service Commission last fall.

Bro. Pigg is asking for an audit of the county offices. Whom he suspects or what he surmises he does not say. He gives no reason for his contention—he simply wants an audit for its improbable chance of disclosing something wrong, no doubt praying that such may be the result. Now the audit he is pleading for would cost the county about \$3,000—a rather heavy price for the gratification of his partisan malice. He claims that he has more than 150 names to the petitions he is circulating and that he will soon have the necessary 300 to secure the audit he so anxiously desires. How many of the 300 will pledge themselves to pay \$10, each, for the auditing in case it is found the expense was incurred without justifiable cause? How much will Bro Pigg put up? By the way, give us the names of the signers to the petitions. I would like to know how much tax-payers they are.

The following teachers were in attendance on the teachers' examination Friday and Saturday of last week: Ida Day, John Day, Bixby; Pearl Brooks, Irene Townsend, Loran Townsend, Bellevue; Eulah Pearson, Ruth Huff, Essie Sherrill, Hogan; Mrs. Bessie Wilson, Glover; Maud James, Des Arc; M. J. Kelly, Annapolis; Elva Savage, Mrs. Ruth Thompson, Arcadia; Sybil Cook, Beatrice Brown, Roselle; N. A. King, Maud King, Brunot; Mrs. Houston McColl, Annapolis; Ruth Hatridge, Mungler; Carl Pippin, Redmondville; Myrtle Blanton, Bismarck; Etta Goforth, Peoria; Dovesy U. Beard, Annapolis; Mrs. Lillie Pinkley, Monterey; Minnie Wendell, Shepard. There were three contestants who took the examination for the Boys' State Fair School, viz.: Edwin Burnham, Ironton; Geo. Stark, Arcadia; Robert Jones, Brunot.

These kind words are reproduced from the last issue of the Marble Hill Press: "The IRON COUNTY REGISTER announced last week that it had just completed its fifty-third year and the veteran editor, Eli D. Ake, has been with the paper all the more than half a century, most of the time doing the editorial work. To those who get his paper every week it is superfluous for us to state that no country paper in the state has been better written or more ably edited. More than twenty years the writer of this paragraph has received the REGISTER weekly and al-

ways enjoyed reading it, notwithstanding the fact we do not always agree on public questions. We congratulate Bro. Ake and trust that he and the REGISTER may continue to add volumes and years to their lives and may the years be full of comfort and enjoyment, as the paper always is to its readers and his admiring friends."

On the first page of this paper is a full, true and complete account of the recent Road Bonds deal, about which my Bro. Pigg going off at half-cock, as usual, has been doing considerable squealing. A careful reading of the account as set forth by the three County Judges will convince all fair-minded men that those officials have acted with discrimination, care and good business judgment—regarding only the interest and welfare of their constituents. No one dares question the integrity of the three men whose names are subscribed to the statement here referred to, and they are men of good business intelligence. Nowhere could this be more fully proven than in this very Bond deal. The concern of Bro. Pigg and those with him for the people is political camouflage; they, in their boots, don't give a continental dam for "the poor tax-payers," some of whom you and I are which.

The lots on the Fort Hill Subdivision, to be sold at auction the coming Saturday, ought to secure good prices. They are fine residence lots, desirable in every way, sufficiently elevated to command views of never-ceasing interest and pleasure. Nowhere does our beautiful valley exhibit scenes more grateful to the eye than on this historic mount. I am proud of our mountain girdled valley, with its flowering lawns, its pure air and crystal waters, and have long held that here should be established the acknowledged health and rest resort of the great city's business wearied populace. And such, to a too limited extent, it has become because of lack of facilities for taking care of our summer sojourners. We need more habitations with pleasing surroundings, and I hope enterprising men may take advantage of the sale next Saturday for that purpose. I would like to see the Subdivision grow into a town of spacious residences and neat bungalows. Of one thing we may be sure: the accommodations furnished, the visitors will come, and be blest in their coming.

Everything will be in readiness for the Big Day in the good old Arcadia Valley next Saturday. Fort Hill Park will be a "dolled up" for you, with flags, decorated trees "everything," and the Jazz Band will be on the job every minute.—Adv.

Mr. Selinger Withdraws.

Because of a misunderstanding as to the law on my part I failed to file my declaration as a candidate for the Democratic nomination for Sheriff with the County Clerk in time to secure the publication of my name on the Primary Ballots. Failure to get my name on the ballot, of course, puts me "out of the running," and I have withdrawn from the race. I am sorry for I wanted to make the race and had liberal promise of support. Thanking my friends for the courtesy and good will shown, I am Very truly,
JOE SELINGER.

Des Arc Items.

We are very sorry, but not surprised, at the death of our brother-in-law, C. Collins, who died June 2d at his home at Marquand. He would have been 70 years old in July. I have known him since 1872. That year he came to Des Arc and formed a partnership with D. W. Shaver, under the firm name of Collins & Shaver. In 1873 he sold out and went to Cape county to engage in the timber business. In 1876 he came back and took charge of Thos. P. Fitz's saw mill, and lived with me eight or ten years. The only money I ever made was while he was manager of my mill. In the spring of 1885 he bought a mill and run it at the Starkey place on Brush Creek. From there he went to Brunot, and from Brunot to Sabula, and ran a store and mill there for several years. From there he moved to Ironton and bought the American Hotel and run a store there with it until last fall, when he sold out and bought property at Marquand, Mo. He was a fine business man and made a success of everything he tried. He was married in 1872 to Miss Virginia Weast, who survives him; also two boys and eight girls. He died happy and was ready for the Master's call. He was buried, at his request, by the side of his daughter, Mae, who died fourteen months ago, in the K. P. cemetery at Ironton. He also has two children buried at Des Arc. Mrs. T. P. Fitz attended the funeral.

A new time card to-day. No. 32 is due here at 1 P. M.; 34, flag stop, 5:09 P. M.; 8, 2:34 A. M. No. 34 also stops at Annapolis on flag. No. 33, south-bound, arrives here 1 P. M.; local, every other day, 2:15 P. M.

Mrs. Walter Strother stopped off here several days on her way to California to live with her daughter.

J. H. Stevenson has built a new butcher shop and will furnish fresh meats, etc.

Thos. P. Fitz got 60,000 pounds of corn, flour, meal and bran last week.

Mr. and Mrs. Kinder, parents of our banker, visited here Saturday and Sunday.

Mrs. Huff is home from St. Louis.

O. C. Morris went to St. Louis Saturday to consult a physician. He has been in poor health.

We are still having lots of rain.

Mrs. Wiley Roberts and daughter, Mrs. Ralph Hicks, have returned from a visit to Indiana.

Rev. Wm. Seal is having a successful meeting at Sabula.

Mrs. Frank James is visiting relatives in Kentucky.

Miss Jewel Reed left Thursday to engage in her summer's work as song evangelist. Her work will be in Missouri, Illinois, and Kentucky.

At the close of the business Mrs. Edmonds served refreshments.

Misses Mignon and Dorothy Phillips were hostesses at a Lawn Social last Saturday evening, a large crowd of young folk being present. Punch was served.

Elmer January of Centerville was a visitor here the first of the week.

We had the pleasure of attending Children's Service at Cedar Grove last Sunday. The program reflected much credit on the committee on training, while the excellent basket dinner proved the efficiency of the Ladies who prepared it. Rev. O. H. Dugins, Presiding Elder of Farmington District, was present and made a very impressive address on Sunday School work. In the afternoon he preached a splendid sermon. There was a large crowd in attendance. Truly, it was a day well spent.

Miss Rebecca Walls of Farmington met with the young people of the community last Sunday afternoon at the Methodist church and re-organized the Epworth League. With an excellent crop of officers and quite a number of charter members—there seems to be no reason why a lot of good cannot result.
